

OUR STAFF

The ADVENTURELORE staff is most responsible for the success of our program. All staff members possess the high degree of sensitivity, understanding and energy necessary to answer the individual needs of each of our adventurers. Our staff members have considerable experience working with the youth in various environments. Both junior and senior staff members are carefully selected and well trained in order to provide the highest quality programs. ADVENTURELORE averages a

1:3 Counselor : Adventurer Ratio

BE SOCIAL

Like us, share us, follow us. We love to share our photos and adventures!

Adventurelore's Summer Camp is a historically safe high-adventure coed outdoor living experience designed to offer challenging and successful experiences for children and adolescents. Under professional supervision and guidance, adventurers will gain self-esteem and personal confidence through adventurous, exciting and FUN filled activities, while acquiring outdoor living skills. These skills have been proven to be physically and mentally beneficial to individuals of all ages. We strive to help youth unfold positive attitudes about themselves and their peers in outdoor surroundings through exposure to both individual and group challenges.

Ryan's Message

Positive, life enriching experiences shape the way youth feel about themselves for a lifetime. When they challenge themselves in an environment full of support and fun peer connection, they learn that they can achieve more than their self-perceived limitations. I look forward to another summer with great campers challenging themselves and having FUN together! Our staff can't wait for another amazing set of adventures in 2023!

Ryan Holder M.Ed.
